COMMUNITY SERVICES

June 08.

There are many needs in our Community that we can assist with by providing resources. Some of those resources are as basic as volunteering some time each week to talk with people in need, through to giving financially so that services can be provided.

Our next community education program is a financial education workshop, to give participants information on financial management. This workshop on July 24th will also provide information about resources available to help individuals and families take control of their financial situation. Click on the Special projects link on the Riverview Community Services web site for more information.

Meeting as many needs as possible requires a tremendous amount of support, both practical and financial. If you are able to assist, either financially or by volunteering in any of our programs, please contact us. One of our staff will happily chat with you about how you can be involved. A current Police Clearance is required for all volunteers, which we will assist you with.

For more information about any of our programs, please contact us on 9416 0100 or email info@riverview.org.au
